### **About the GVF**

Founded in 1997, GVF is the single and unified voice of the global satellite industry. It brings together organizations engaged in the delivery of advanced broadband and narrowband satellite services to consumers, and commercial and government enterprises worldwide. Headquartered in London, GVF is an independent, non-partisan and non-profit organization with 200+ members from more than 100 countries. The broad-based membership represents every major world region and every sector of the satellite industry, including fixed and mobile satellite operators, satellite network operators, teleports, satellite earth station manufacturers, system integrators, value added and enhanced service providers, telecom carriers, consultants, law firms, and users.
